Date

5 June 2026
Valid 30 days

A brand that should be seen online, too.

The Grid sells visibility for a living. Your own social presence should set the standard — showcasing your screens, your points of presence and your results, while generating enquiries from the brands you want to work with.

At its core, this service is about two things: **building a strong, credible online presence** for The Grid, and applying a **consistent colour palette and visual identity** — drawn from your CI guide — across every post, so the brand looks unmistakably like The Grid everywhere it appears.

This proposal sets out how Lubelo Tech Solutions will plan, produce and manage The Grid's social media — on-brand to your CI guide, consistent with your new website, and built to grow both **authority** and **advertiser leads**.

Why it matters for The Grid

- **Credibility & authority** — a marketing agency is judged by its own marketing
- **Showcase the network** — billboards in-situ, airport trays, the journey, real campaigns
- **B2B lead generation** — reach marketers and brand managers, especially on LinkedIn
- **Proof & social proof** — client wins, data and results, told visually
- **Consistency** — one voice across website and social, drawn from your CI guide

Strategy first, then content.

We don't just post — we run a planned, themed content engine aligned to your brand and business goals, reviewed and refined every month against real performance.

Content pillars

Pillar	What it does
Campaign showcases	Your billboards and trays in-situ — the asset, in context, with people (per your photography rule)
Points of Presence	Spotlights on premium locations and the closed-loop journey
Data & insights	Impressions, footfall, ROI — turning numbers into shareable proof
Client wins	Case studies and testimonials (with permission) as social proof
Behind the scenes	The team and the craft — humanising the brand
Thought leadership	OOH trends and education that position The Grid as the expert
Calls to action	"Plug In" — driving enquiries to the website and WhatsApp

What we manage for you.

Strategy & planning

- Monthly content strategy & themes
- Content calendar delivered in advance
- Profile optimisation & consistency

Content creation

- Branded graphics & carousels
- Short-form video / reels (optional add-on)
- Caption copywriting & hashtag strategy

Publishing & community

- Scheduling & posting across platforms
- Community management — comments & DMs
- Agreed response times

Reporting & growth

- Monthly performance report
- Monthly strategy check-in
- Continuous optimisation

Platforms

Instagram, Facebook, LinkedIn and X — selected and prioritised per the chosen package. Instagram and LinkedIn are recommended as the primary focus (visual showcase + B2B reach).

Account ownership remains with The Grid; we operate with admin access. The Grid approves the monthly calendar before publishing.

One clear package.

No confusing tiers. A once-off setup builds the foundation — marketing strategy, a consistent visual identity and an original content library — then a single flat monthly retainer keeps your channels active, on-brand and growing.

Once-off setup & brand foundation — R20 000

Everything needed to launch a credible, consistent presence. Paid once, on approval, before we go live.

Included in the setup

Marketing strategy — audience, channel & content strategy mapped to your business goals

Content preparation — content plan, branded templates & the first batch of ready-to-post assets

Professional photo shoot — a branded shoot of your screens, points of presence & team, giving you an original, owned content library

Consistent colour palette & visual identity — social templates aligned to your CI guide and new website

3 × letterhead designs — branded, print- & digital-ready

Email signatures — clean, on-brand signatures for the team

Monthly management — R2 500 / month

A flat retainer that keeps your socials live, consistent and on-brand.

Included each month	Detail
Feed posts	Up to 10 posts per month — designed, written & scheduled
Platforms	Instagram, Facebook & LinkedIn (primary focus)
Content creation	Branded graphics & caption copywriting, on-brand to your colour palette
Scheduling & publishing	Posted at optimal times across your channels
Community management	Comments & DMs within agreed response times
Monthly report	Reach, engagement & growth, plus next-month recommendations

ALL-IN · R20 000 SETUP + R2 500 / MONTH

Billed monthly in advance. Three-month minimum term, thereafter month-to-month with 30 days' notice. The once-off setup fee is payable on approval, before work begins.

05 — PAID SOCIAL (OPTIONAL)

Amplify with paid.

Organic builds the brand; paid accelerates reach and lead generation. We plan, set up, manage and optimise paid campaigns across Meta and LinkedIn.

Item	Fee
Paid campaign management (setup, targeting, optimisation, reporting)	15% of ad spend · min R2 000 / month
Advertising budget (paid to the platforms)	Billed separately / pass-through

Ad budget is recommended and agreed up front; The Grid retains full control of spend.

06 — WHAT WE NEED FROM YOU

To get started.

Item	Detail
Account access	Admin/editor access to Instagram, Facebook, LinkedIn & X (or assistance creating any that don't exist) — confirm the Instagram handle
Brand assets	Logo suite, fonts/CI guide (held), brand colours — already aligned from the website project

Source material	Photos/videos of billboards, trays, locations, the team and campaigns; or approval to schedule a content shoot
Campaign & client info	Live campaigns, wins and any client logos/testimonials we may feature (with permission)
Approvals	A single point of contact to approve the monthly calendar, ideally within 3 business days
Tone & do-not-mention	Any topics, competitors or claims to avoid

The more source material The Grid can supply, the richer the output. The professional photo shoot in your setup gives us an original, owned content library to draw on, keeping the feed strong and on-brand from day one.

07 — HOW WE WORK

A simple monthly rhythm.

Step	What happens
1 · Plan	We prepare the content calendar & concepts for the month ahead
2 · Approve	The Grid reviews and signs off (one consolidated round)
3 · Create	We design, write and produce all content
4 · Publish	We schedule and post at optimal times
5 · Engage	We manage comments and DMs within agreed response times
6 · Report	Monthly report on reach, engagement, growth & leads, plus next-month recommendations

08 — INVESTMENT & NEXT STEPS

Let us run your socials.

Summary

Item	Investment
Once-off setup & brand foundation — marketing strategy, content prep, professional photo shoot, 3× letterhead designs & email signatures	R20 000
Monthly management — up to 10 posts	R2 500 / month
Paid social management (optional)	15% of ad spend · min R2 000/mo

Terms

- Billed monthly in advance; three-month minimum term, then month-to-month
- 30 days' written notice to cancel
- The Grid owns all accounts and content produced
- Ad spend is separate and controlled by The Grid

Next steps

1. Approve this proposal.
2. Settle the once-off setup fee + first month to begin.
3. Grant account access and hand over source material.
4. We plan, you approve, and we go live.
