

Website Asset & Content Requirements Brief

Everything we need from The Grid Technologies to take the mock-up to a launch-ready site — what's needed, the spec, and where each item appears on the site.

Prepared 4 June 2026 · The Grid Technologies (Pty) Ltd · Website redesign

Photography rule (from your CI guide — applies to every photo): each image must contain **at least 2 of 3** — (1) hero positioning of the asset (billboard / screen / tray), (2) in-situ real-world context, (3) people in the shot.

● Required to launch ● Strongly recommended ● Optional / phase 2

A · Brand identity

#	ITEM	SPEC	WHERE IT GOES	PRI
A1	Logo — brushed-aluminium "GT" monogram	Vector SVG (preferred) + transparent PNG ≥512px. The 3D metallic mark from the CI guide.	Replaces the flat "GT" tile in the nav (top-left, every page) and the footer .	●
A2	Favicon	PNG set: 32×32, 180×180, 512×512, plus <code>.ico</code> .	Browser tab / bookmark / phone home-screen icon. Currently none.	●
A3	Social share image (OG)	1200×630 JPG/PNG — logo + tagline on brand background.	Link-preview thumbnail when shared on WhatsApp / LinkedIn / X.	●
A4	Licensed webfonts — Century Gothic + Avenir	<code>.woff2</code> files + written web-embedding licence confirmation.	Replaces current free stand-ins (Jost + Nunito Sans). Only if licences are owned.	●

B · Photography

#	ITEM	SPEC	WHERE IT GOES	PRI
B1	Home hero image	Portrait ~4:5, ≥1600px tall. A Grid board in-situ with people .	The large image panel on the home-page hero (right side). Currently a placeholder.	●
B2	Location photos ×6	Landscape ~16:10, ≥1200px wide, one per location.	Upgrade to the POPs page cards: Dainfern Sq, Planet Fitness, Witkoppen Rd, OR Tambo, King Shaka, Cape Town.	●
B3	Service-format photos ×4	Landscape, ≥1200px. LED screen · airport tray · 10m×70m static · brand activation.	Imagery for the Services page cards / showcase. Currently icon-only.	●
B4	General image library	Any extra high-quality in-situ / people shots.	Future case studies, social, reuse across pages.	●

If only **one** photo can be supplied first, make it **B1 (home hero)** — the single most visible image on the site.

C · Team

#	ITEM	SPEC	WHERE IT GOES	PRI
C1	Team headshots x4	Square 1:1, ≥800×800, consistent background & lighting, professional.	The four cards on the Team page (currently coloured tiles with initials).	•
C2	Confirm names, roles & bios	Approve spelling + a 1–2 sentence bio per person.	Team page card text. Current bios are our drafts and need sign-off.	•

On the site now (please confirm): **Thando Mabuza** — Director · **Eddie Mabuza** — Business Development · **Zenele Biyela** — Data Analyst · **Natasha Dixon** — Account Manager.

D · Client / partner logos

#	ITEM	SPEC	WHERE IT GOES	PRI
D1	Client logos (vector)	SVG or transparent high-res PNG per brand. White / single-colour versions preferred (dark background).	The scrolling logo marquee on the Home & Clients pages (currently brand names as text).	•
D2	Confirm list + display rights	Confirm which brands may be shown and that we have permission to use their marks.	Same marquee.	•

Listed as text now (25): Nedbank, Coca-Cola, Vodacom, Nando's, DStv, Absa, FNB, Showmax, Multichoice, Telkom, AVBOB, Wimpy, Mugg & Bean, eBucks, Planet Fitness, Africa Padel, Moving Walls, NFM, Luminex, Auto & General, Automark, Mitchum, Moja Cafe, Gary Rom, High Performance.
Please confirm/trim and supply logo files.

E · Video (optional but on-brand)

#	ITEM	SPEC	WHERE IT GOES	PRI
E1	Journey explainer video	30–60s, MP4 + WebM , 16:9, ≤10MB, muted-friendly, + poster still.	CI guide calls for a "home → airport → mall → home" explainer. Could sit on the POPs page with/instead of the interactive map.	•
E2	Hero background loop	8–12s seamless loop, MP4 + WebM, muted, ≤6MB, + poster.	Optional motion behind the home hero instead of a still (B1).	•
E3	Campaign / showreel	Any existing reel.	Optional showcase section.	•

F · Functional / integrations

#	ITEM	WHAT WE NEED	WHERE IT GOES	PRI
F1	Contact-form destination	A Formspree endpoint (free, no backend) or the email to receive briefs or approval to use a <code>mailto:</code> link.	The brief form on the Contact page (currently validates + shows success but doesn't send).	•
F2	Confirm contact details	Verify +27 79 365 0188 & sales@thegridtech.co.za ; supply full address if it should appear.	Contact page + footer.	•
F3	Confirm social links	Facebook <code>/thegridaeonline</code> , X <code>/thegridonline</code> , LinkedIn <code>/company/the-grid-online</code> . Confirm if an Instagram exists (live site uses X, not Instagram).	Contact page + footer buttons.	•
F4	WhatsApp number	Confirm +27 79 365 0188 (links to <code>wa.me/27793650188</code>).	"Chat on WhatsApp" button, Contact page.	•

G · Copy & content sign-off

#	ITEM	NOTES	PRI
G1	Confirm the 4 hero stats	Site shows 16+ screens · 500K+ daily impressions · 21M airport pax/yr · 100% Black-owned . (An older brief said "35+ screens" — please confirm the correct figure.)	•
G2	Confirm inventory	10 DOOH at Dainfern + 10m×70m static, 5 Planet Fitness screens, Witkoppen Rd billboard, airport trays OR Tambo / King Shaka / Cape Town.	•
G3	Approve mission & vision	Currently pulled from your live "About" page.	•
G4	Testimonials (optional)	If wanted: 2–3 real quotes + name/role/company. None on the site currently.	•
G5	Legal pages	POPIA + Privacy policy text. Decide if footer links are needed for launch.	•
G6	Media kit / rate card	A downloadable PDF if you want a "Download Media Kit" button.	•
G7	Company registration	Reg. number / legal entity details if they should appear in the footer.	•

H · Where each placeholder lives

PLACEHOLDER ON THE SITE	FILE / ELEMENT	REPLACE WITH
Flat "GT" tile	nav & footer <code>.mark</code> (all pages)	A1 logo SVG
Grey hero image + "IN-SITU..." tag	<code>index.html</code> → <code>.hero-media</code>	B1 hero photo

PLACEHOLDER ON THE SITE	FILE / ELEMENT	REPLACE WITH
Scrolling text brand names	<code>index.html</code> & <code>clients.html</code> → <code>.marquee-track</code>	D1 client logos
Coloured initials tiles	<code>team.html</code> → <code>.tav</code> (x4)	C1 headshots
Icon-only flip cards	<code>services.html</code> → <code>.flip</code> (x4)	B3 service photos (optional)
Text location cards	<code>pops.html</code> → <code>.pop</code> (x6)	B2 location photos (optional)
Interactive journey map	<code>pops.html</code> → <code>.journey</code>	E1 video (optional alternative)
Form with no destination	<code>contact.html</code> → <code>.cform</code>	F1 endpoint
(none yet)	<code><head></code> of all pages	A2 favicon + A3 OG image

I • Suggested order of delivery

- First wave (unblocks launch):** A1 logo · A2 favicon · B1 hero photo · C1+C2 team photos & bios · D1+D2 client logos & list · F1 form endpoint · F2/F3 contact & social confirmations · G1/G2 stats & inventory sign-off.
- Second wave (polish):** A3 OG image · B2 location photos · B3 service photos · G3 mission/vision · G5 legal pages.
- Phase 2 (nice-to-have):** A4 licensed fonts · E1–E3 video · G4 testimonials · G6 media kit.

Every item not yet supplied is shown with a tasteful placeholder, so the site is fully demonstrable today. Each placeholder is marked in the code with an `<!-- ASSET: ... -->` comment.
