

THE GRID

WEBSITE GUIDELINE DOCUMENT
&
UPDATED HIGH LEVEL CI GUIDE

PREAMBLE

The Grid is an ecosystem style advertising and marketing agency that presents their clients with a closed loop, journey style value proposition that encompasses end-to-end points of presence based on waypoints along a strategically defined journey in order to maximise impact and deliver ROI for their clients.

Their diverse offering of opportunities allows them to deliver value across multiple mediums of engagement and ultimately help their clients remain top of mind for their consumers.

PROJECT OVERVIEW

Our goal is to assist in strategizing a fresh look for the website and a high-level CI Guide that can be applied across all communication formats.

This document includes but is not limited to:

- Font selection
- Style chart
- Color pallet
- Website strategy and flowchart
- Sample text and imagery
- Positioning statement and logo guidelines for all media
- Web execution guidelines for website build agency

FONT SELECTION

Our font family needs to be bold and modern with enough variety and choice for strong highlighting. The font needs to be a standard font that loads easily across all media.

Headline font - Century Gothic

**ABCDEFGHIJKLMN
OPQRSTUVWXYZÀÅ
abcdefghijklmno
pqrstuvwxyzàåéîõ&
1234567890(\$£.,!?)**

It's known for its legibility and modern, minimalist aesthetic, making it suitable for various applications, from headlines and branding to digital interfaces and signage

Body font - Avenir

ABCDEFGHIJKLM
NOPQRSTUVWXYZ
abcdefghijklm
nopqrstuvwxyz
1234567890
\$?&%@!#*()=

It is known for its harmonious proportions, subtle adjustments for improved readability, and a wide range of weights and italics

LOGO

Our refreshed logo must be modern and slick with a brushed aluminium or steel texture, 3D finishes and lightly beveled edges.

STYLE CHART - PHOTOGRAPHY

Image selection and usage is important, visual assets deliver instant impact and draw attention. Due to the nature of the business our images must contain at least 2 of the following 3 key elements

Hero positioning of
the asset

In-situ visual context of
the asset

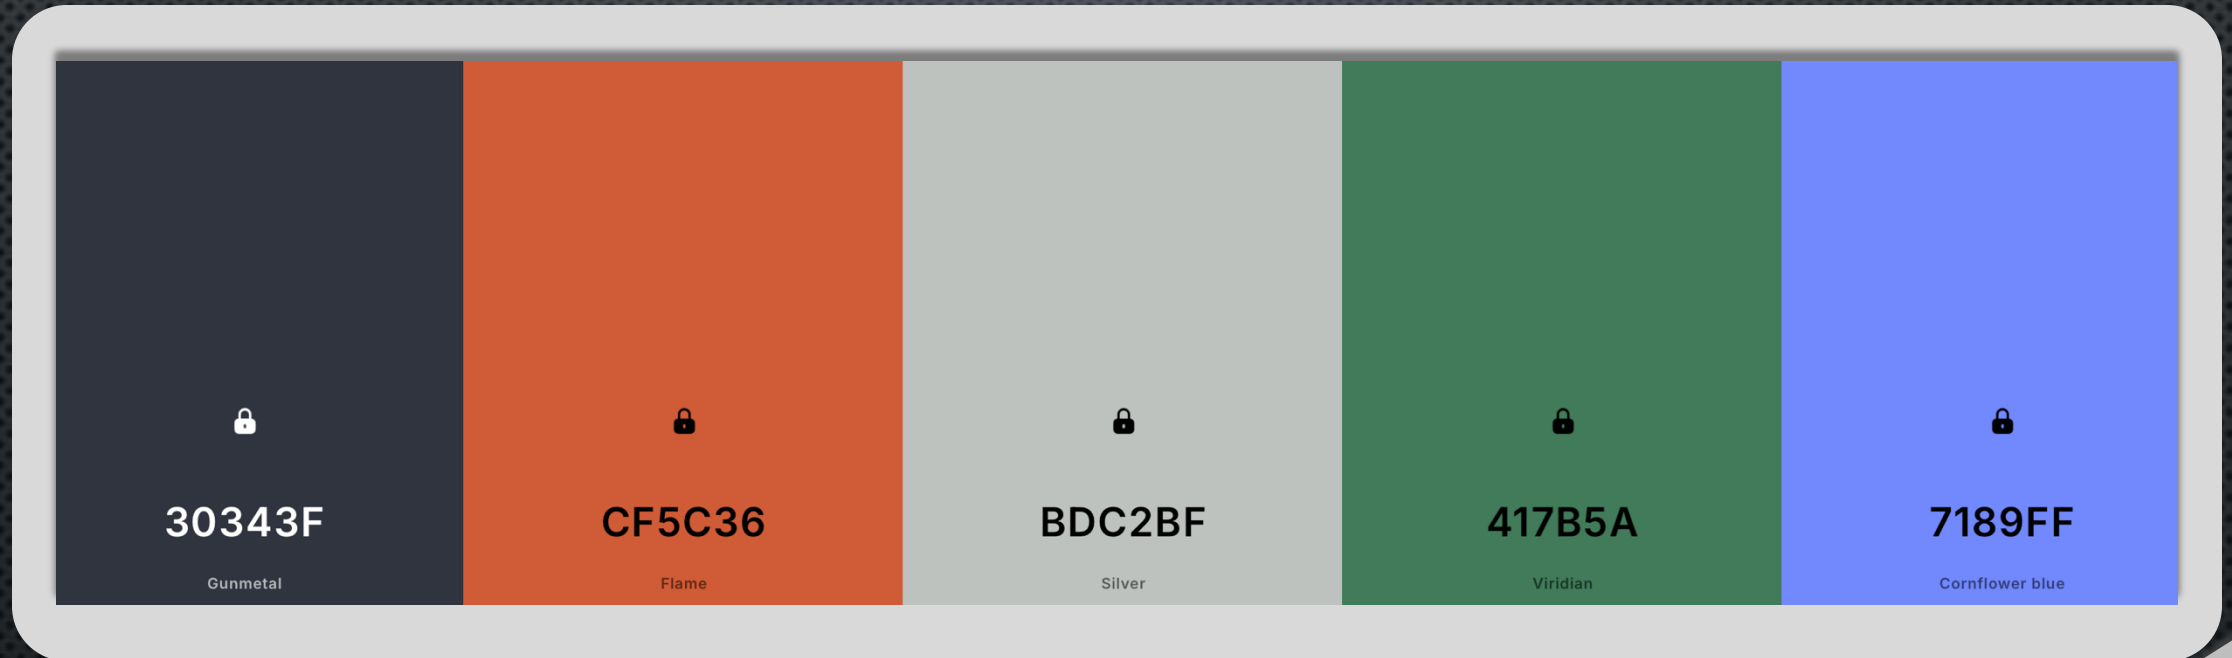

People in the
image

COLOR PALLET

Our color pallet must be bold and have strong contrast options with a contrast between cool metallic colours and warm tones

Text is in white or silver to contrast against all options, where required, a drop shadow can be applied

WEBSITE STRATEGY

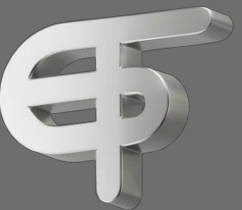

Due to the nature of our offering the website should be primarily graphically driven. The images must be the hero wherever they appear on the page.

Text and descriptors must be written in a minimalistic style in punchy format.

Primary focus of each text descriptor is focused towards the thoughtful process and strategy applied to each engagement.

Key phrases:

- Plug in
- Closed loop journey
- Ecosystem
- Engagement
- Presence
- Visibility
- Strategically aligned
- Points of presence

CORE POSITIONING STATEMENT

"We don't just find your brand a space - we craft strategic, data-driven brand journeys that live in the real world."

Tone: Bold, premium, intelligent, collaborative

Visual language: Sleek minimalism + dynamic movement

PSYCHOLOGICAL STRATEGY

Priming & Halo Effect

High-quality visuals and bold messaging at first impression

Cognitive Ease

Simple nav, scannable content, fast-loading design

Emotion + Storytelling

Visual case studies with transformation narratives

Social Proof & Authority

Client Points of Presence, campaign stats

Scarcity & Tailored solutions

Limited availability notices and crafted campaign showcase

Humanization

Team intros, behind-the-scenes, trust elements

WEBSITE FLOWCHART

The website is a scroll down style site with smooth flow between pages. At the top of the page are icon selector for section jumps. Primary goal of the site is to promote how we think, where our points of presence are, who our team members are, our core capabilities outside of just billboards, how to contact us and social media links.

LANDING PAGE

- Logo
- Animation banner
- Tagline
- Way of work

SERVICES

- PoP
- Data Analytics
- Journey strategy

POPS

- Site specifics
- Animated journey map

TEAM

- Professional headshots
- Name
- Core capabilities within team

CONTACT

- Direct contact points
- Social media
